

Agile Scrum Simulation Workshop

Price: 1195

Duration: 2 days

Delivery Methods: Virtual

Overview

This 2-day workshop puts the Agile team through their paces, by showing them how to conduct the five (5) Scrum ceremonies while simulating key activities within a sprint, all while using their own project as a case study for the exercises.

The Agile Scrum team will get to experience the leading Scrum methodology, by using hands-on exercises and testing the basic premise and techniques behind agility.

Agile Scrum Simulation Workshop

Course Objectives

- Reduce the time it takes for Agile adoption by training the entire team with the help of an Agile expert

What You Will Learn

This workshop utilizes an immersion learning approach, along with role-playing, that allows students to practice the techniques as they learn. Students will experience what a project that is fully leveraging Agile concepts and culture looks and feels like. This allows them to better understand their role on the team and appreciate their team member's contributions. Here are the key takeaways:

- Utilize “real-life” product/project during the workshop exercises
- Learn the tricks of high-performing Scrum teams
- Experience an end-to-end Scrum process (while performing the 5 Scrum ceremonies)
- Understand each of the individual roles on a Scrum team, and how to work collaboratively as part of the team
- Define the Product Backlog (with User Stories) and develop a Release Plan for the entire product/project
- Use Planning Poker to develop estimates (Course- and Fine-grain)
- Define and assign tasks for the 1st Sprint
- Learn how to handle unplanned interruptions
