

AI Basics for Everyday Business Camp / Part 2: Transforming Business Ops with Cutting-Edge AI Apps (TTAI2006)

Price: 2195

Duration: 3 days

Delivery Methods: Virtual

Overview

The AI for Business Users Boot Camp: Transforming Business Ops with Cutting-Edge AI Apps is a dynamic, three-day course that gets you hands-on with the latest AI tools and intermediate skills, taking your business operations to the next level. This course is perfect if you're looking to improve your workflows, make your customer interactions more meaningful, and make smarter decisions based on AI insights, leveraging more advanced skills. You'll get to dive into using AI to communicate better, streamline your tasks, and boost both your own and your team's productivity in areas like marketing, HR, and sales. If you know the basics of GPT and prompting, this course help you level up those skills for getting hands-on and creative with AI, turning your everyday tasks into opportunities for innovation and efficiency. It's all about making your work life easier and more fun, helping you and your team do great things with a touch of AI magic.

By the end of the course, you'll not only be skilled in using AI tools but also know how to integrate them strategically into your business. You'll understand how AI can improve customer experiences and use AI-driven analysis in business processes, preparing you to apply these tools to future-proof your business operations.

Audience Profile

This course is designed for business professionals who are eager to leverage the power of AI tools in their day to day business roles, who want to dive deeper into the next level skills available. Roles

might include project managers, customer service professionals, team leaders, HR and marketing professionals, and even decision-makers who want to make their business operations more efficient. It would also be beneficial for those in roles that require strong collaboration, efficient workflow management, and strategic decision-making powered by data-driven insights.

Prerequisites

This course is great for anyone looking to learn basic AI tool skills, without having to have a technical background. Looking to improve efficiency at work using easy to learn tools and skills, or apply these skills to make your personal life easier leveraging computer-based, user friendly assistants who are always ready to help? This course can get you there.

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
