## Overview

Time is a form of currency, and the ways you talk about it illustrate its value: people say, “Time is money,” and “My time was well spent,” or “It’s a waste of time.” Like most professionals, you’ve probably struggled with managing time effectively. In this course, you will acquire day-to-day time-management tools that will help you more effectively use your time so you can direct your energy towards fulfilling your short- and long-term professional and personal goals. Your time is a precious and limited resource. Too often, you may feel frustrated that there aren’t enough hours in the day to accomplish everything you hope to do. Effective time managers enjoy the satisfaction of directing their talents and energy towards productive, goal-centered activities. By identifying improved time management and organizational skills, you, too, can use your time and energy effectively, focusing your efforts on the activities that will help you reach your goals.
