Introduction to XML Fundamentals (TT4300)

Price: 1695

Duration:

Delivery Methods: Virtual

Overview

Introduction to XML Fundamentals is a three-day comprehensive course that provides you with the skills you need to use XML in today's systems and architectures. Working in a hands-on lab environment, you'll explore key XML topics, from tags to architectures, working through the fundamentals of XML and then covering XML Schema in detail. You'll also explore XPath and XSLT standards, as well as XML processing and XML security issues. You'll leave this course with the modern skills you need to transform XML documents into other useful documents, such as HTML documents or other XML documents.

This course provides a deep dive into the practical use of W3C standards (including XSL and XML Schema), and how to implementing these tools and technologies. This course is programming language independent, making it useful for Java, .NET, C++, and any other programming orientation. After this course you'll be able to quickly apply XML to projects at both an architectural as well as a line-by-line coding level. In addition to valuable knowledge and working examples, you'll also receive a copy of the "Xtensil" product.   This unique software was developed to assist in implementing, testing, and

fielding XML applications. Xtensil is used as both a teaching aid and a straightforward, basic, fully functional XML toolkit that you'll be able to use on both Windows and Linux platforms.

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
