

Microsoft Power BI - Data Analysis

Practitioner

Price: 990

Duration: 2 days

Delivery Methods: Virtual

Overview

As technology progresses and becomes more interwoven with our businesses and lives, more data is collected about business and personal activities. This era of “big data” is a direct result of the popularity and growth of cloud computing, which provides an abundance of computational power and storage, allowing organizations of all sorts to capture and store data. Leveraging that data effectively can provide timely insights and competitive advantages.

Creating data-backed visualizations is key for data scientists, or any professional, to explore, analyze, and report insights and trends from data. Microsoft® Power BI® software is designed for this purpose. Power BI was built to connect to a wide range of data sources, and it enables users to quickly create visualizations of connected data to gain insights, show trends, and create reports. Power BI’s data connection capabilities and visualization features go far beyond those that can be found in spreadsheets, enabling users to create compelling and interactive worksheets, dashboards, and stories that bring data to life and turn data into thoughtful action.

Course Objectives:

In this course, you will analyze data and create visualizations with Microsoft Power BI. You will:

- Analyze data and create reports with Power BI.
- Connect to data.
- Clean, transform, and load data.
- Visualize data with Power BI.

- Enhance visuals to support data analysis.
- Customize and filter reports.
- Share reports and create dashboards in the Power BI Service.

Target Student:

This course is designed for professionals in a variety of job roles who are currently using desktop or web-based data management tools such as Microsoft Excel® or SQL Server® reporting services to perform numerical or general data analysis. They are responsible for connecting to cloud-based data sources, as well as shaping and combining data for the purpose of analysis. They are also looking for alternative ways to analyze business data, visualize insights, and share those insights with peers across the enterprise. This includes capturing and reporting on data to peers, executives, and clients.

Course Content

Lesson 1: Analyzing Data and Reporting with Power BI

Topic A: Data Analysis and Visualization for Business Intelligence

Topic B: Interact with Reports in Power BI

Lesson 2: Connecting to Data

Topic A: Create Data Source Connections

Topic B: Configure and Manage Relationships

Topic C: Save Files in Power BI

Lesson 3: Cleaning, Transforming, and Loading Data

Topic A: Load, Clean, and Shape Data with the Query Editor

Topic B: Profile Data with the Query Editor

Topic C: Shape Data with the Query Editor

Topic D: Transform Data with the Query Editor

Lesson 4: Visualizing Data with Power BI

Topic A: Create Visualizations with Power BI

Topic B: Select Visualization Types with Power BI

Lesson 5: Enhancing Visuals for Data Analysis

Topic A: Customize Visuals and Pages

Topic B: Incorporate Tooltips in Visualizations

Lesson 6: Customizing and Filtering Reports

Topic A: Create Data Hierarchies

Topic B: Filter Reports

Topic C: Configure Slicers for Interactive Filtering

Lesson 7: Sharing Reports and Creating Dashboards in the Power BI Service

Topic A: Publish and Explore Reports in the Power BI Service

Topic B: Create Dashboards

Topic C: Add Q&A to Dashboards

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
