Overview

Introducing the updated PMI Authorized PMP ® Exam Prep v3—the official PMI prep course to advance your project management skills and prepare for the Project Management Professional (PMP ®) certification exam. It also helps to apply updated principles and concepts as a project manager.

Developed by PMI and validated by PMP ® certification holders, this course aligns to the PMP Exam Content Outline and satisfies the 35 training hours required to apply for the PMP ® certification. The course also provides access to online flash cards and several test bank questions that are provided by PMI. ®

The current PMP® exam is NOT based solely on the 6th or the 7th edition of the PMBOK® but rather on the 2021 PMI® Exam Content Outline and multiple references including the Agile Practice Guide. Our facilitators are contributors to the 5th, 6th and 7th editions of the PMBOK® and a Premier PMI® ATP and authorized PMP® instructors. They have also participated in the updating of the June 2021 content as well as being key developers of the v3 release of the PMP® course materials and practice questions.

Course materials:

- Presentation slides and other content from PMI (including Mastery Questions and Answers)
- Flash cards of PMP terms
- Agile Introduction video

- Test bank questions for each of the six lessons, plus agile concepts (presented 20 at a time to encourage continual review more frequently).
- Greta’s Guide to ACE the PMP Book (available March 1 on Amazon in both hard copy and ebook versions)

Additional content for those preparing for the PMP exam (including having their application approved by PMI)

- Test simulator with 2000+ test questions provided by PMI (and written by the same individuals who have written actual exam questions – but not accepted for the exam, mostly because duplicated questions or those very close in content). Random questions presented 60 at a time to replicate the exam environment.
