

QuickStart to Using Azure OpenAI Basics for Business Users (light hands-on) (TTAI2321)

Price: 895

Duration:

Delivery Methods: Virtual

Overview

Are you ready to unlock the power of OpenAI and exciting new tools in your business?

Our one-day, hands-on course is designed for **non-technical business users** who want to learn about these cutting-edge technologies, and how they can take their business to the next level.

OpenAI is designed to be easy to use for non-technical users by providing pre-trained models, simple APIs, clear documentation, tutorials and examples and not requiring expertise in machine learning and programming. This Quick Start style course will get you quickly up and running with and able to use a popular set of OpenAI tools, commands and functions that you'll find extremely useful on the job. You'll also leave conversant in these latest technologies and trends, able to apply them in your own day to day. **No coding experience required!**

In the first section of the course, we'll take a deep dive into OpenAI and its products. You'll learn about the latest advancements in the field and discover how OpenAI can be used to improve business processes and decision making. But it's not all theory - we'll also get our hands dirty with hands-on exercises using GPT-3 family of language models for text generation. Imagine being able to generate product descriptions and customer service responses in a fraction of the time it takes now.

Next, we'll explore the exciting world of image generation with DALL-E. You'll learn about the capabilities of DALL-E and use it to generate images for business use cases such as product images and marketing materials. With DALL-E, you'll be able to create stunning visuals that will make your brand stand out from the crowd. We'll also cover the use of OpenAI for decision making and

provide exercises for improving decision making in business scenarios such as inventory management and customer segmentation. You'll learn how to harness the power of AI to make data-driven decisions that will give you a competitive edge. Finally, we'll explore real-world business applications of OpenAI, discuss potential future uses and provide tips and resources for continued learning and support.

COURSE OBJECTIVES

Working in an interactive learning environment, led by our engaging OpenAI expert, you will:

- Understand the basics of OpenAI and its products, and how they can be used to improve business processes and decision making.
- Learn how to use GPT-3 for text generation, including generating product descriptions and customer service responses.
- Learn how to use DALL-E for image generation, including generating product images and marketing materials.
- Understand OpenAI's decision-making capabilities and how to use them to improve decision making in business scenarios.
- Learn about real-world business applications of OpenAI, including examples of companies using it, and explore potential future uses of OpenAI in business.
- Learn how to use OpenAI in day-to-day business operations and explore resources for additional tools and support.

Who should enroll

This course is designed for a non-technical audience and doesn't require any prior coding or technical experience. The hands-on exercises will be done using pre-built OpenAI tools and interfaces that are user-friendly and easy to use.

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
