

# Understanding Cisco Contact Center Enterprise Foundations (CCEF) v1.0

**Price:** 995

**Duration:** 1 days

**Delivery Methods:** Virtual

## Overview

This is a 1-day overview of the Cisco Packaged Contact Center Enterprise and Unified Contact Center Enterprise solutions based on version 12.5. Architectural overviews explore solution components, sizing and deployment considerations and key functionality and features. The course is intended for a broad audience including Business Decision Makers, Account Managers, Systems Engineers, Administrators, Application Specialists and Deployment Engineers seeking to understand functional and business applications of the CCE solution. For technical audiences this course is the foundation for additional courses required to deploy, configure, support and troubleshoot Cisco CCE solutions.

## Prerequisites:

The knowledge and skills that a learner should have before attending this course are as follows:

- Basic knowledge of networking (Windows A/D, SQL) and components (servers, routers, switch) is helpful but not required
- Working knowledge of Unified Communications Manager and Voice Gateways
- Basic understanding of IP networks

The following Cisco learning offerings may help students meet these prerequisites:

- Cisco CCNA Course
- Cisco CLFNDU Course

## **Course Objectives:**

Upon completing this course, the learner will be able to meet these overall objectives:

- Provide a high-level overview of the Cisco Contact Center portfolio
- List the key components within the PCCE architecture and their functions
- Describe how calls flow through PCCE using appropriate terms and naming conventions
- Introduce the tools used in the Configuration, Scripting, Reporting and Support of a PCCE deployment
- Identify advanced features available within the PCCE solution

## **Who Should Attend**

The target audience for this course is channel partners and field support personnel who are responsible for sales, implementation, or administration of a Cisco Unified Contact Center and VRU implementation in customer enterprise networks, specifically individuals filling these roles.

Primary audiences:

- Deployment Engineers
- Technical Sales
- Account and Project Managers

Secondary audiences:

- Managers overseeing CCE deployments
- Business Liaisons
