

VMware Aria Operations: Install, Configure, Manage [V8.17]

Price: 4250

Duration: 5 days

Delivery Methods: Virtual

Overview

This five-day, hands-on training course provides you with the knowledge and skills to deploy a VMware® Aria Operations™ cluster that meets the monitoring requirements of your environment. This course includes advanced capabilities, such as customizing alerts, views, reports, and dashboards, and explains the deployment and architecture in VMware Aria Operations. This course explains application monitoring, certificates, policies, capacity and cost concepts, and workload optimization with real-world use cases. This course covers troubleshooting using the workbench, alerts, and predefined dashboards, and how to manage compliance and configurations. This course also covers several management packs.

Prerequisites

Before taking this course, you must meet at least one of the following requirements:

VMware vSphere®: Install, Configure, Manage

6 months of hands-on VMware Aria Operations experience

Course Objectives

By the end of the course, you should be able to meet the following objectives:

List the VMware Aria Operations use cases

Identify features and benefits of VMware Aria Operations

Describe the functions of nodes and components in VMware Aria Operations clusters

Determine the VMware Aria Operations cluster that meets your monitoring requirements

Deploy and configure a VMware Aria Operations cluster

Use tags and tag values in grouping objects

Describe VMware Aria Operations certificates

Create policies to meet the operational needs of your environment

Recognize effective ways to optimize performance, capacity, and cost in data centers

Use the Workload Placement (WLP) feature to optimize performance

Troubleshoot and manage issues using workbench, alerts, and predefined dashboards Manage configurations

Configure Application Monitoring using VMware Cloud Proxy

Create custom symptoms and alert definitions, reports, and views

Create various custom dashboards using the dashboard creation canvas

Configure widgets and widget interactions for dashboards

Describe the concept, components, and benefits of super metrics

Configure users and user groups for controlled access to your environment

Extend the capabilities of VMware Aria Operations by adding management packs and configuring solutions

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
