

Implementing Cisco Enterprise Advanced Routing and Services (ENARSI)

Price: 1000

Duration 365 Days

Delivery Methods eLearning

URL [Enroll](#) [Buy Now](#)

Overview

The duration of this course is 40 hours, and it is eligible for 40 CE credits towards recertification.

The Implementing Cisco Enterprise Advanced Routing and Services (ENARSI) training gives you the knowledge and skills needed to install, configure, operate, and troubleshoot a dual stack enterprise network. This training covers advanced routing and infrastructure technologies, expanding on the topics covered in the Implementing and Operating Cisco Enterprise Network Core Technologies (ENCOR) training. This training prepares you for the 300-410.ENARSI v1.1 exam. If passed, you earn the Cisco Certified Specialist Enterprise Advanced Infrastructure Implementation certification and satisfy the concentration exam requirement for the Cisco Certified Network Professional (CCNP) Enterprise certification. This training also earns you 40 Continuing Education (CE) credits towards recertification.

How You'll Benefit

This training will help you:

Gain the knowledge you need to install, configure, operate, and troubleshoot a dual stack enterprise network.

Qualify for professional-level job roles in advance routing and services.

Prepare for the 300-410 ENARSI 1.0 exam.

Who Should Enroll

Entry-Level Network Engineers.

Network Administrators.

Network Support Technicians.

Help Desk Technicians

Learning Path Objectives

Configure, optimize, and troubleshoot enhanced interior gateway routing protocol (EIGRP).

Configure, optimize, and troubleshoot open shortest path first (OSPF)v2 and OSPFv3.

Implement and troubleshoot route redistribution using filtering mechanisms.

Implement and troubleshoot path control using policy-based routing (PBR) and IP service level agreement (SLA).

Configure, optimize, and troubleshoot border gateway protocol (BGP).

Implement multiprotocol BGP (MP-BGP).

Describe the features of multiprotocol label switching (MPLS).

Describe the major architectural components of an MPLS virtual private network (VPN).

Identify the routing and packet forwarding functionalities for MPLS VPNs.

Explain how packets are forwarded in an MPLS VPN environment.

Implement Cisco internetwork operating system (IOS) dynamic multipoint VPNs (DMVPNs).

Implement and troubleshoot dynamic host configuration protocol (DHCP).

Describe the tools available to secure the IPV6 first hop.

Troubleshoot Cisco router security features.

Troubleshoot infrastructure security and services.

Troubleshoot network issues with Cisco DNA Center Assurance

Learning Path Prerequisites

There are no prerequisites for this training. However, the knowledge and skills you are recommended to have before attending this training are:

General understanding of network fundamentals.

Basic knowledge of local area network (LAN) implementation.

General understanding of network device management and security.

Basic knowledge of network automation.

General understanding of interior gateway protocol (IGP) routing, including EIGRP and OSPF.

General understanding of BGP.

General understanding of infrastructure security and services, including access control lists (ACLs), simple network management protocol (SNMP), DHCP, IP SLA, Syslog, authentication, authorization, and accounting (AAA), and control plane policing (CoPP).

These skills can be found in the following Cisco Learning Offerings:

Implementing and Administering Cisco Solutions (CCNA).

Implementing and Operating Cisco Enterprise Network Core Technologies (ENCOR)

Why Professionals Choose TOPTALENT?

Dedicated Texas-Based Support

Get assistance every step of the way from our **Texas-based team**, ensuring your training experience is hassle-free and aligned with your goals.

3000+ Curated Professional Courses

Access an extensive portfolio of over 3000 courses across IT, Business Application and Leadership – Designed to meet evolving Industry demands

95% Client Approval Rating

Trusted by professionals nationwide our 95% approval rating reflects consistent quality, measurable impact and exceptional service.

Certified Industry Instructor

Learn from professionally certified experts with real world experience and a proven commitment to learner success.

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
