

Implementing Cisco Collaboration Core Technologies (CLCOR)

Price: 4295

Duration:

Delivery Methods: Virtual

Overview

The Implementing and Operating Cisco Collaboration Core Technologies (CLCOR) training provides you with the knowledge and skills to deploy, configure and troubleshoot core collaboration and networking technologies. Topics include infrastructure design protocols, codecs, and endpoints, Cisco Internetwork Operating System (IOS) XE gateway and media resources, call control, and Quality of Service (QoS).

This training helps prepare you to take the exam:

350-801 Implementing Cisco Collaboration Core Technologies (CLCOR)

How You'll Benefit

This training will help you:

Integrate and troubleshoot Cisco Unified Communications Manager with Lightweight Directory Access Protocol (LDAP) for user synchronization and user authentication

Implement Cisco Unified Communications Manager provisioning features

Configure and troubleshoot collaboration endpoints

Who Should Enroll

Students preparing to take the CCNP Collaboration certification.

Network administrators.

Network engineers.

Systems engineers

Learning Path Objectives

After taking this course, you should be able to:

Describe the Cisco Collaboration solutions architecture.

Compare the IP Phone signaling protocols of Session Initiation Protocol (SIP), H323, Media Gateway Control Protocol (MGCP), and Skinny Client Control Protocol (SCCP).

Integrate and troubleshoot Cisco Unified Communications Manager with LDAP for user synchronization and user authentication.

Implement Cisco Unified Communications Manager provisioning features.

Describe the different codecs and how they are used to transform analog voice into digital streams.

Describe a dial plan and explain call routing in Cisco Unified Communications Manager.

Describe cloud calling using the on-premises local gateway option through Webex by Cisco.

Configure calling privileges in Cisco Unified Communications Manager.

Implement toll fraud prevention.

Implement globalized call routing within a Cisco Unified Communications Manager cluster.

Implement and troubleshoot media resources in Cisco Unified Communications Manager.

Implement and troubleshoot Webex Calling dial plan features in a hybrid environment.

Deploy the Webex app in a Cisco Unified Communications Manager environment and migrate from Cisco Jabber to Webex app.

Configure and troubleshoot Cisco Unity Connection integration.

Configure and troubleshoot Cisco Unity Connection call handlers.

Describe how Mobile Remote Access (MRA) is used to allow endpoints to work from outside the company.

Analyze traffic patterns and quality issues in converged IP networks supporting voice, video, and data traffic.

Define QoS and its models.

Implement classification and marking.

Configure classification and marking options on Cisco Catalyst switches.

Learning Path Prerequisites

Before taking this offering, you should have:

Working knowledge of fundamental terms of computer networking, including LANs, WANs, switching, and routing.

Basics of digital interfaces, Public Switched Telephone Networks (PSTNs), and Voice over IP (VoIP).

Fundamental knowledge of converged voice and data networks and Cisco Unified Communications Manager deployment.

Learning Path Outline

Users and Endpoints

Call Admission Control

Media Resources and Integrations

Quality of Service

Why Professional Choose TOPTALENT?

Dedicated Texas-Based Support

Get assistance every step of the way from our **Texas-based team**, ensuring your training experience is hassle-free and aligned with your goals.

3000+ Curated Professional Courses

Access an extensive portfolio of over 3000 courses across IT, Business Application and Leadership – Designed to meet evolving Industry demands

95% Client Approval Rating

Trusted by professionals nationwide our 95% approval rating reflects consistent quality, measurable impact and exceptional service.

Certified Industry Instructor

Learn from professionally certified experts with real world experience and a proven commitment to learner success.

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
