Understanding Cisco Service Provider Network Foundations (SPFNDU)

Price: 4500

Duration:

Delivery Methods: Virtual

Overview

The Understanding Cisco Service Provider Network Foundations (SPFNDU) training is designed to provide you with the foundational knowledge for the suite of Cisco® Certified Network Professional (CCNP®) Service Provider trainings. The training expands what you learned from the Cisco CCNA® training with a focus on theoretical and practical knowledge needed for the service provider environment. You will learn about architectures, protocols, software and hardware platforms, and solutions within the service provider realm

How You'll Benefit

This training will help you:

> • Acquire the foundational knowledge to understand the Cisco Service Provider Network methodologies, tools,
> and functions

> • Learn the skills to manage the software and hardware platforms, structures, and protocols within the service
> provider realm

> • Qualify for professional-level job service provider roles

Who Should Enroll
- Network Administrators
- Network Engineers
- Network Managers
- System Engineers
- Project Managers

- Network Designers

Learning Path Objectives

After taking this training, you should be able to:
- Describe network architectures, devices, and software used by service providers
- Describe the various internet governance organizations, their roles, and tools available for governance information verification
- Configure Cisco Internetwork Operating System (Cisco IOS) and Cisco IOS XE routers
- Describe Cisco IOS XR software, perform initial configuration, and explain platform daily tasks
- Describe various access and core technologies used by service providers
- Describe various major switching technologies used by service providers
- Describe major overlay technologies and their usage, and configure Virtual Extensible LAN (VxLAN)
- Describe various major routing protocols used by service providers
- Configure Layer 3 services used by service providers
- Describe multiprotocol label switching (MPLS), components, protocols, and MPLS usage
- Describe usage of various services used and maintained by service providers
- Introduce Linux networking, Bourne-Again SHell (BASH) scripting, and their usage within Cisco IOS XR software

Learning Path Prerequisites

There are no prerequisites for this training. However, the knowledge and skills you are recommended to have before attending this training are:
- Knowledge of IPv4 and IPv6 Transmission Control Protocol/Internet Protocol (TCP/IP) networking
- Familiarity with a typical service provider environment
- Basic knowledge about networking devices and their roles

    These skills can be found in the following Cisco Learning Offering:
- Implementing and Administering Cisco Solutions (CCNA)

Learning Path Outline

- Introducing Service Provider Architectures

- Describing Internet Governance Organizations

- Configuring the Cisco IOS and Cisco IOS XE Router

- Configuring Cisco IOS XR Router

- Introducing Access and Core Technologies in Service Provider Environment

- Introducing Routing Technologies in Service Provider Environment

- Describing MPLS

- Implementing Layer 3 Services

- Introducing Switching Technologies in the Service Provider Environment

- Introducing Overlay Technologies

- Implementing Service Provider Services

- Introducing Programmability on Cisco IOS XR Routers

Why Professional Choose TOPTALENT?

Dedicated Texas-Based Support

Get assistance every step of the way from our **Texas-based team**, ensuring your training experience is hassle-free and aligned with your goals.

3000+ Curated Professional Courses

Access an extensive portfolio of over 3000 courses across IT, Business Application and Leadership – Designed to meet evolving Industry demands

95% Client Approval Rating

Trusted by professionals nationwide our 95% approval rating reflects consistent quality, measurable impact and exceptional service.

Certified Industry Instructor

Learn from professionaly certified experts with real world experience and a proven commitment to learner success.

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
