

# Exploring Cisco Secure Access Workshop

## v1.0 (SECACC)

**Price:** 995

**Duration:** 1 days

**Delivery Methods:** Virtual

### Overview

Cisco Secure Access refers to a suite of solutions designed to ensure secure, seamless access to networks, applications, and data for users, regardless of location or device. It focuses on providing strong authentication, robust network security, and comprehensive threat protection, all while maintaining a user-friendly experience. The solutions are built to support the Zero Trust security model, which assumes that threats may exist both inside and outside the network, and therefore all access requests must be verified, regardless of where they originate. In this course we will focusing on key concepts, tools, and strategies for implementing Cisco's secure access solutions.

### Who Should Enroll

Network Security Professionals, Cybersecurity Specialists, Cloud Security Engineers, Enterprise IT Managers, etc.

### COURSE OBJECTIVES

Introduction to Cisco Secure Access

- o Secure Access Services Overview

- o Understanding licensing model

- § Secure Access Tiers

  - Essentials

  - Advantage

- o Secure Access use cases

- § Secure Internet Access (SIA)

- § Secure Private Access (SPA)

  - Explore Zero Trust Approach – Zero Trust Network Access

- o Cisco Secure Client (ZTNA)

- o Zero Trust Access Module

  - Overview on VPN as a Service and secure remote access

- o Remote Access

- o Identity-Based Access Control

- o Endpoint Posture Evaluation
- o Granular Application Access Control
- o Integration with ISE and RADIUS
- Defend users and resources from malware
- o Features of Secure Web Gateway
  - § Content Filtering
  - § Malware Scanning
  - § Detailed Reporting
- Cloud Security features in Secure Access
- o Discover Cloud Access Security Broker (CASB)
- o Explore Firewall as a Service (FWaaS)
- o Understanding Data Loss Prevention (DLP)
- o Power of layer 7 application visibility and control
- o Examine network traffic flow using IPS
- Integration and automation between Catalyst SD-WAN and Secure Access
- o Enhanced Threat Protection
- o Consistent User Experience
- o Simplified IT/Security Operations

### Learning Path Prerequisites

Basic Networking Knowledge, familiarity with Security Fundamentals, experience with Cisco Products, basic understanding of VPN and Remote Access and Knowledge of Cloud Security.

### Course Schedule

Date	Time	Price	Options

### Why Professional Choose TOPTALENT?

#### Dedicated Texas-Based Support

Get assistance every step of the way from our **Texas-based team**, ensuring your training experience is hassle-free and aligned with your goals.

#### 3000+ Curated Professional Courses

Access an extensive portfolio of over 3000 courses across IT, Business Application and Leadership – Designed to meet evolving Industry demands

#### 95% Client Approval Rating

Trusted by professionals nationwide our 95% approval rating reflects consistent quality, measurable impact and exceptional service.

### **Certified Industry Instructor**

Learn from professionally certified experts with real world experience and a proven commitment to learner success.

## **FAQ**

### **What if I have to reschedule my class due to conflict?**

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to [info@toptalentlearning.com](mailto:info@toptalentlearning.com) to avoid rescheduling penalties.

### **How do I enroll for this class?**

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

### **What happens once I purchase a class?**

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

**What is your late policy?**

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

**What happens when I finish my class?**

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
