

AB-620T00: Design and Build Integrated AI Agent Solutions in Copilot Studio

Price: 1995

Duration:

Delivery Methods: Virtual

Overview

Outline

Learning Path: Design agent conversations and responses using topics in Microsoft Copilot Studio

Learn to design and configure conversational agent behavior in Copilot Studio. Design conversations using topics, deliver rich responses using Adaptive Cards, take action from conversations using tools, and generate AI-powered answers using generative answers and custom prompts.

Modules:

- Deliver rich agent responses using Adaptive Cards in Microsoft Copilot Studio
- Take action from agent conversations using topics and tools in Microsoft Copilot Studio
- Generate AI-powered agent responses using generative answers in Microsoft Copilot Studio

Learning Path: Design and build multi-agent solutions in Microsoft Copilot Studio

Learn to plan, design, and build multi-agent solutions in Microsoft Copilot Studio. You'll learn how to evaluate when multi-agent architectures are appropriate, architect solutions using child agents and connected agents, and implement both patterns to create organized, scalable agent systems.

Modules:

- Design multi-agent solutions in Microsoft Copilot Studio

- Delegate agent tasks using child agents in Copilot Studio
- Build multi-agent solutions using connected agents in Copilot Studio
- Build cross-platform multi-agent solutions using the Agent2Agent protocol in Microsoft Copilot Studio

Learning Path: Integrate agents with enterprise systems in Microsoft Copilot Studio

Learn to integrate Copilot Studio agents with enterprise systems. This learning path covers evaluating integration patterns, configuring connectors and REST API tools, grounding agents with enterprise knowledge sources, and connecting agents to external systems via MCP.

Modules:

- Design integration strategies for agents in Microsoft Copilot Studio
- Take action in external systems using connector and REST API agent tools in Microsoft Copilot Studio
- Ground agents with enterprise knowledge using connectors and Azure AI Search in Microsoft Copilot Studio
- Integrate agents with external systems via MCP in Microsoft Copilot Studio

Prerequisites

Before attending this course, students must have:

- Ability to create, configure, test, and publish an agent in Microsoft Copilot Studio
- Permissions to create solutions and agents in a Power Platform environment
- Familiarity with agent topics, knowledge sources, and tools in Copilot Studio
- Access to Microsoft Copilot Studio
- Conceptual familiarity with REST APIs and web services

Course Schedule

Date	Time	Price	Options

Why Professional Choose TOPTALENT?

Dedicated Texas-Based Support

Get assistance every step of the way from our **Texas-based team**, ensuring your training experience is hassle-free and aligned with your goals.

3000+ Curated Professional Courses

Access an extensive portfolio of over 3000 courses across IT, Business Application and Leadership – Designed to meet evolving Industry demands

95% Client Approval Rating

Trusted by professionals nationwide our 95% approval rating reflects consistent quality, measurable impact and exceptional service.

Certified Industry Instructor

Learn from professionally certified experts with real world experience and a proven commitment to learner success.

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a 'Certificate of Completion' once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
