VMware NSX: Troubleshooting and Operations [V4.x] (NSXTO4)

Price: 4625

Duration: 5 days

Delivery Methods: Virtual

Overview

This five-day, hands-on training course provides the advanced knowledge, skills, and tools to achieve competency in operating and troubleshooting the VMware NSX infrastructure. This course introduces you to workflows of various networking and security constructs along with several operational and troubleshooting tools that help you manage and troubleshoot your VMware NSX environment. In addition, various types of technical problems are presented to you, which you will identify, analyze, and solve through a systematic process.

Prerequisites:

Before taking this course, you must complete the following course:

- VMware NSX: Install, Configure, Manage [V4.0]

You should also have understanding or knowledge of these technologies:

- Good understanding of TCP/IP services and protocols
- Knowledge and working experience of computer networking and security, including:
    - Switching and routing technologies (L2 andL3)
    - Network and application delivery services (L4 through L7)
    - Firewalling (L4 through L7)
    - VMware vSphere environments

The VMware Certified Professional – Network Virtualization certification is recommended.

Course Objectives:

Upon completing this course, the learner will be able to meet these overall objectives:

- Use the native tools available in NSX to identify and troubleshoot the problems.
- Use VMware Aria Operations for Logs and VMware Aria Operations for Networks to identify and troubleshoot problems related to the NSX environment.
- Explain the NSX infrastructure components and the communications between them.
- Identify, analyze, and troubleshoot problems related to the management, control, and data planes in NSX.
- Identify, analyze, and troubleshoot problems related to infrastructure preparation and VMware NSX Edge deployments.
- Identify, analyze, and troubleshoot problems related to logical switching and logical routing.
- Identify, analyze, and troubleshoot network security problems related to the Distributed firewalls, Gateway firewalls, and Distributed IDS/IPS.
- Identify, analyze, and troubleshoot problems related to VPN and VMware NSX Advanced Load Balancer.
- Identify the components and packet flows involved in the NSX datapath and troubleshoot related problems.

Who Should Attend

The primary audience for this course is as follows:

- Experienced system administrators and network administrators
- Network and security professionals who work with enterprise networks

Course content

Module 1: Course Introduction

Module 2: NSX Operations and Tools

Module 3: Troubleshooting the NSX Management Cluster

Module 4: Troubleshooting Infrastructure Preparation

Module 5: Troubleshooting Logical Switching

Module 6: Troubleshooting Logical Routing

Module 7: Troubleshooting Security

Module 8: Troubleshooting Services

Module 9: Datapath Walkthrough

FAQ

What if I have to reschedule my class due to conflict?

Ten (10) business days' notice is required to reschedule a class with no additional fees. Notify TOPTALENT LEARNING as soon as possible at 469-721-6100 or by written notification to info@toptalentlearning.com to avoid rescheduling penalties.

How do I enroll for this class?

Please contact our team at 469-721-6100; we will gladly guide you through the online purchasing process.

What happens once I purchase a class?

You will receive a receipt and an enrollment confirmation sent to the email you submitted at purchase. Your enrollment email will have instructions on how to access the class. Any additional questions our team is here to support you. Please call us at 469-721-6100.

What is your late policy?

If a student is 15 minutes late, they risk losing their seat to a standby student. If a student is 30 minutes late or more, they will need to reschedule. A no-show fee will apply. Retakes are enrolled on a stand-by basis. The student must supply previously issued courseware. Additional fees may apply.

What happens when I finish my class?

You will receive a ‘Certificate of Completion’ once you complete the class. If you purchased an exam voucher for the class, a team member from TOPTALENT LEARNING will reach out to discuss your readiness for the voucher and make arrangements to send it.
